Provisions Relating to Use and Occupancy

4. The Units are to be used as residential dwellings only; and
 - a. Without limiting the generality of the foregoing, no Unit may be used for any commercial purposes by anyone, regardless of whether same are permitted by municipal by-laws, including that, without limitation:
 - i. no Unit may be leased or licensed on a short term or transient basis or used or occupied in the manner of an inn, lodging house, student residence, boarding house, rooming house, "bed & breakfast", hotel or hostel, or any use substantially similar to any such uses (including hosting through Airbnb or similar type of shared accommodation arrangement), and, for clarity, the foregoing restrictions shall apply notwithstanding the issuance of a license by any Municipality or other relevant authority purporting to permit such use(s); and
 - ii. the Board has the right to prohibit any and all forms of babysitting services and day care facilities regardless of whether same are permitted by the municipal zoning by-laws; and
 - b. notwithstanding the foregoing, "home offices" are permitted within the Units provided the same do not violate the relevant municipal zoning by-law(s), generate any vehicular or pedestrian traffic within any part of common elements, or cause significant irritation to Unit Occupants of other Units, as reasonably determined by the Board, such that the Board is entitled to prohibit any home offices that violate the foregoing proviso.
5. No Unit may be occupied by or used in whole or in part in any way or for any purpose that:
 - a. is illegal;
 - b. causes, emits, and/or creates anything combustible and/or noxious and/or irritating, and/or malodorous and/or offensive, or anything else which could be considered a nuisance and can be detected in any significant way in any Unit (other than the Unit from which such odour is caused or emitted) or in the common elements;
 - c. uses, causes, emits, and/or creates anything that is explosive or toxic in any dangerous quantity (as determined in the sole and absolute discretion of the Board);
 - d. causes or promotes infestation by any vertebrate or invertebrate animal or any virus, fungus, bacterium or other organism;

 - f. causes or generates or permits noise over and above what might be reasonably expected in a residential setting unless permitted by this Declaration or otherwise by the Board in writing and subject to such conditions or restrictions as the Board may choose to impose; and/or

Such evidence shall include a valid prescription from a doctor and/or such other information as the Board, acting reasonably, may require. Where a competent medical professional treating the unit occupant in question confirms that an alternative to smoking provides the same effects and is reasonably available to the unit occupant in need of such medicinal cannabis consumption, smoking shall not be allowed.

7. No Unit shall be occupied or used by anyone whose occupancy or use shall give rise to the possible cancellation of any policy of insurance. If any proposed or actual use of a Unit or the proposed or actual occupation thereof by any person or persons should in the sole determination of the Board upon the advice of its insurer and such other reliable counsel, cause a threatened or actual:
 - a. increase in the cost of the insurance coverage that the Corporation is obligated to maintain on account of the provisions of the Act, the Declaration or any By-law of the Corporation; or,
 - b. cancellation and/or non-renewal of any or all of the insurance coverage that the Corporation is obligated to maintain on account of the provisions of the Act, the Declaration or any By-law of the Corporation;

then, such proposed or actual use of such Unit or proposed or actual occupation thereof by such person or persons if it has not yet occurred, shall not be allowed to occur, or, if it has occurred already and is continuing, shall immediately cease upon the written request to the Unit Owner by the Board.

In addition, or, alternatively, in the sole and absolute discretion of the Board, if a Unit is occupied or used by anyone in a way that results in an increased insurance premium cost to the Corporation, the owner of the relevant Unit shall reimburse the Corporation for the amount of the increase, and the increase in premium cost shall be added to the said owner's contribution towards common expenses and therefore can be the subject matter of a lien on account of arrears of common expenses if not paid upon request by the Board.

8. No more than two (2) full- or part-time students at a post-secondary educational institution may at the same time be Unit Occupants of any Unit without the express and written consent of the Board, which consent may for any reason be arbitrarily withheld. For the purposes of this provision, a post-secondary educational institution means, without limiting the generality of that term, any educational or training institution that is recognized by the government of Ontario or any of its agencies or by the government of Canada or any of its agencies that, within their respective jurisdictions, is responsible for registering, accrediting, supervising or regulating institutions issuing any post-secondary educational credential (diploma, certificate or degree), which, for clarity, does not include any school the affairs of which are regulated under the *Education Act* of Ontario except with respect to any adult or continuing education programs offered therein. This provision does not apply to any Unit owned by the Declarant.

Allocation of Accessible Parking Spaces

9. Each Unit has allocated to it, for the exclusive use of its Unit Occupants, one (1) parking space located in the common elements of this Condominium Plan, as specified in Schedule F of the Declaration. Six (6) of the additional parking spaces located in the balance of the common elements of this Condominium Plan are designed and designated as accessible parking spaces (the "Accessible Parking Spaces") and are intended for use by a person with a disability, as such terms are used in Ont.Reg. 581 under the Highway Traffic Act. If a Unit Occupant is a person with a disability and requires the use of an accessible parking space, and at least one of the Accessible Parking Spaces is not already allocated for use by another Unit Occupant who is a person with a disability, the Unit Occupant shall be granted an exclusive right of use of that Accessible Parking Space until the earlier of the time when such person ceases to be a Unit Occupant and the time when such person ceases to be a person with a disability. During the period of such exclusive use, the parking space that is otherwise allocated to the Unit for the exclusive use of its Unit Occupants, as specified in Schedule F of the Declaration, shall be made available for use in the discretion of the Board as if the same was not designated for the exclusive use of the Unit Occupants of that Unit. When the Unit Occupant's right to use the Accessible Parking Space ends, the parking space that is allocated to the Unit for the exclusive use of its Unit Occupants as specified in Schedule F of the Declaration shall revert to such use and the Accessible Parking Space shall be available as Visitor Parking or

Conditions or Restrictions Relating to Leasing or Sale of Units

10. No Unit owner shall lease such Unit Owner's Unit to any person whose occupancy would be contrary to the provisions of this Declaration and until such Owner delivers to the Board:
- a. A written statement signed by the Uni Owner representing and warranting that the proposed occupancy by the intended tenant(s) of the Unit shall comply in all respects with the conditions and restrictions on occupancy that are set out in this Declaration; and
 - b. an acknowledgement and undertaking signed by the primary tenant containing:
 - i. the legibly printed name(s) of each person who is proposed to occupy the Unit pursuant to such tenancy; and
 - ii. the following statement without omission or amendment:

I acknowledge receiving copies of the Declaration, By-laws and Rules of the Corporation and hereby undertake, covenant and agree that I and all other tenants and guests of the Unit from time to time will, in using the Unit rented by me and the common elements of this Condominium Plan, comply with the legislation applicable to condominiums in Ontario, the Declaration, By-Laws and all Rules of the Corporation, and the applicable provisions of all municipal development, site plan and other agreements, all utility easement agreements and all restrictive covenants affecting the Unit and common elements during the term of the tenancy.

Failing the delivery of such documents, such tenancy is not permitted. This provision does not apply to the Declarant.

11. Where a Unit Occupant who is a tenant is in violation of the provisions of the Act, Declaration, By-laws or Rules, and the Board has notified the Unit Owner of the same in writing and reasonably determines that the Unit Owner has not taken reasonable steps to remedy the issue and ensure future compliance, the Corporation is hereby authorized to act as agent of the Unit Owner to take such reasonable steps as the Board determines are available to the Unit Owner as a landlord under the Residential Tenancies Act, 2006, or its successor legislation, to accomplish either compliance by the tenant or the termination of the tenancy. All costs incurred by the Corporation in so doing shall be added to the common expenses payable by the Unit Owner on account of the Unit and shall therefore be the subject matter of a lien pursuant to the Act if not paid upon request by the Board.

ARTICLE III: ACCESS TO UNITS AND COMMON ELEMENTS**Access by Declarant**

1. The Declarant is entitled to complete all buildings and all improvements to the Condominium Plan, display signage on the common elements, maintain Units as models for display and sale purposes, to have potential purchasers and tenants visit any Unit owned by the Declarant (including viewing the common elements and passing across same), and otherwise maintain construction offices, displays and signs on the common elements and in the Units owned by the Declarant, and it and its agents and employees are granted the right to enter onto all portions of the Condominium Plan for all such and related purposes until all Units in the Condominium Plan have been sold and conveyed by the Declarant and until the Declarant has completed all of its work with respect to the Condominium Plan including all intended phases thereof. In addition, the Declarant can designate up to six common elements parking spaces in various locations for its exclusive use and display signage for same for any purpose it chooses until all Units in the Condominium Plan have been sold by the Declarant. Nothing in this Declaration or otherwise shall prevent or hinder the foregoing. With respect to such facilities and use, the Declarant, subject to the right to use the same as set out above, must otherwise comply with this Declaration, all enforceable rules and by-laws and the Act and act reasonably. In addition and despite the foregoing, reasonable use of exterior lighting by the Declarant will not be considered a nuisance to other owners nor will any sales flags, pennants or banners of any nature or kind put in place by the Declarant be considered a nuisance and the same are permitted until such time as all of the Units within the Condominium Plan and its proposed future phases have been sold by the Declarant. The Declarant is obligated to pay the common expenses attributed to any Unit that it owns despite the fact it may be using such Unit in accordance with the provisions of this paragraph.

Access by Corporation

2. In addition to rights of access by the Corporation under the Act, a person authorized by the Corporation may enter any Unit without notice for repairing or inspecting the Unit or the common elements or for correcting any condition that might result in damage or loss to the property. If the keys to the Unit and the security codes required to deactivate all alarms for the Unit have not been provided to the Board and the Board is unable in the time frame necessary for access to occur to reach any contact person who can provide access whose name has been provided by the Unit Owners for that purpose or after reaching such person access is not provided in the time frame necessary for access, the Board and/or its manager and/or its agents and contractors are authorized to use such force as is necessary to permit access to the Unit with the costs of repairing the damage so caused and any charges from any alarm company being the responsibility of the Corporation.
3. The Corporation is entitled to retain a key and/or access code to all locks in the doors of each Unit. Unit Owners shall provide the same forthwith upon request by the Board and shall provide the Board with the codes necessary to deactivate any security alarm situated in a Unit and update the same if changed. No one shall change any lock or place any additional locks on the doors to any Unit or in the Unit without immediately providing the Corporation a key for each new or changed lock.

Access by Others

4. Each Unit and all of the common elements are subject to a right of entry and access in favour of the Declarant, the Corporation and of all Utility Service Providers to permit entry by equipment, machinery and workers as is reasonably required to install, construct, repair, replace, modify, upgrade, renovate, improve and/or maintain any and all pipes, wires, ducts, cables, conduits, sewers (both storm and sanitary), service connections, electricity transformer(s), telecommunication signal transmission and reception facilities and lines, water mains, telephone cables and access transmission lines and public utility lines that, without limiting the generality of the foregoing, provide or transmit power, communication facilities, water, fuel, and/or sewage disposal, provided same service more than one unit.
5. Each Unit and the common elements are subject to a right of access in favour of the Declarant, the Corporation, the Municipality, all Utility Service Providers, and other Unit Occupants, to permit entry by persons, equipment, machinery and workers as is reasonably required to do work with respect to such Unit, other Units or the common elements generally.

Any Utility Service Provider has the right to place and maintain electricity or other meters (which term includes appurtenant equipment, wiring, transmission lines and any other thing necessary for same to properly function for the purpose for which the meters are intended), for one or more units on any wall(s) of any of the buildings within the Condominium Plan including those within any unit boundaries and the further right to maintain, repair, replace, modify, inspect and read such electricity or other meters from time-to-time as it deems appropriate. Any Utility Service Providers supplying television and/or telephone facilities is entitled to affix such equipment as it deems appropriate to outside walls. No Unit Occupant shall interfere with or do or omit to do anything that could reasonably be expected to impair the ability of the same to perform the function(s) intended. There shall be no construction proximate to such pipes, equipment, meters, vents, wires, ducts, cables, drains, conduits, service connections, mains for sewer and stormwater, electricity transformer(s), water mains, telephone cables and access transmission lines and public utility lines (including all appurtenances to any of the foregoing) that could damage the same or impair the ability of the same to function as intended. Access to the meters shall be in accordance with any regulations which the Utility Service Provider responsible for reading the meter may have in effect or be subject to from time-to-time. No meter shall be hidden, obscured or blocked so that it cannot be easily and conveniently read by the person charged with the responsibility to read such meter.

1. Except with the prior express written consent of the Board and the Declarant (while it owns any Unit) or as otherwise permitted in this Declaration or the Rules:

- a. nothing is permitted to be placed, left, installed, situate or otherwise be in the common elements (which, for clarity, includes the exterior building envelope and other related components of the structure surrounding each Unit);
- b. no maintenance, signage, addition, alteration, repair, renovation, improvement, painting or staining that affects the appearance of any part of a Unit that can be seen from any abutting street or from any other Unit and/or from the common elements is permitted;
- c. specifically and without limiting the generality of the foregoing, no hot tub or other thing which may or does contain a substantial quantity water is allowed anywhere on the exterior portion of any Unit or in the common elements;

which consent:

- i. neither the Board nor the Declarant is required to provide; and
 - ii. if given can be revoked without reason or explanation; and
 - iii. may be subject to such conditions and/or criteria as the Board or Declarant (while it owns any lands or Unit within the Condominium Plan), as the case may be, deems or determines is appropriate in its absolute discretion, including without limiting the generality of the foregoing a requirement that the Unit Owner making the request pay a security deposit and/or execute a waiver or indemnity in a form acceptable to the Board or Declarant (while it owns any lands or Unit within the Condominium Plan), as the case may be, where it is reasonable to do so having regard to the risks of property damage and/or personal injury inherent in or attendant to allowing the alteration, addition, placement or other thing that is subject of such consent.
2. No one shall make any change within or to a Unit that would:
- a. adversely affect noise attenuation features of the Unit or the structure in which the Unit is situate; or
 - b. diminish the fire rating of the Unit or the structure in which the Unit is situate; or
 - c. violate any applicable Building Codes, property standards or building regulations.
3. No addition or alteration to the common elements or any Unit (including the construction of any structure(s) thereon) is permitted that would have any impact on the drainage or stormwater management facility or plan applicable to the Condominium Plan or neighbouring lands unless such addition or alteration has received the prior written approval of the Board and the Municipality.

Specific Installations, Additions and Alterations

1. Any work within a Unit that requires a building permit may not be performed without the approval of the Municipality and prior written consent of the Board which consent may be arbitrarily withheld.
4. No one shall do anything (including any maintenance or repair) or make any change with respect to a party wall or to a load bearing wall or to any other load bearing component within a Unit without:
 - a. the submission to the Board upon request of an engineer's certificate addressed to the Corporation confirming that the proposed action will not reduce the load bearing capacity of the said roof, roof structure, wall or such other load bearing component; and,
 - b. obtaining the prior written consent of the Board to the proposed action, which consent may be granted only upon such conditions as the Board may in its sole discretion impose or may be refused (including conditions that add, delete or revise any plan submitted by an Owner under this provision), as the Board acting reasonably determines is necessary for it to approve such maintenance or repair.

This provision applies with necessary modifications in the event the Unit Owners of more than one Unit jointly request the Board's consent to carry out maintenance and/or repair of such

Owners' Units and, in this circumstance, such Owners shall include in their request to the Board for consent a statement setting out such Unit Owners' agreement to share the total cost of the joint maintenance and/or repair to their Units and each Owner's percentage share of such total cost.

5. The configuration and layout of the rooms within any Unit may not be changed without the prior written consent of the Board, which consent may be arbitrarily withheld, and, where such consent is given, the approval of the Municipality where the proposed alterations give rise to a requirement for the same. For the purpose of clarification this means that no internal walls or room dividers within a Unit's boundaries may be removed, added or modified so as to increase or decrease the number of rooms in any Unit or the size of any room within any Unit in the absence of such prior written consent of the Board. In addition, no room in any Unit that was not designated as a bedroom or potential bedroom on the registered architectural plans for this Condominium Plan may be used for a bedroom without the consent of the Board, which consent may be arbitrarily withheld, and, where such consent is given, the approval of the Municipality where the proposed change in use gives rise to a requirement for the same. This provision does not apply to any Unit owned by the Declarant.
6. No person shall install, fix, hang or otherwise place window or glass door coverings of any type in any Unit that are visible from any abutting street or any other Units or the common elements, unless the same are white or off-white sheer curtains or are draperies or other coverings lined with white or off-white material and that are in accordance with criteria established by the Board. This paragraph is intended (without limiting the generality of the foregoing) to prevent window and glass door coverings being used that were not intended for such use or which are unsightly or inconsistent with other visible window and glass door coverings being used in the Condominium Plan.
7. No window air-conditioning unit is permitted to be installed in any Unit. No air-conditioning unit nor heat pump nor similar equipment and machinery and other noise generating equipment appurtenant to or used in connection with a Unit (all of which are collectively referred to herein as "AC equipment") is permitted save and except AC equipment that has been pre-approved in writing by the Board. In the absence of reasonable grounds to refuse same the Board shall approve applications for the foregoing. The external elements and components of any such AC equipment may only be located in an area of the Unit approved by the Board or the original declarant-installed location. This foregoing part of this paragraph is not applicable to AC equipment placed by or on behalf of the Declarant. All AC equipment must be kept in good repair by the owner of same so that the noise from same is kept as low as is reasonably possible. All components of such AC equipment shall form part of the Unit so that the Unit Owner of the said Unit is responsible to maintain, repair and replace the same as required by the Board in its discretion (exercised reasonably) or the Declarant while it has any ownership interest in any Unit.
8. Notwithstanding any consent granted by the Board or the fulfillment of any other requirements or criteria under this Declaration or the Act, no clotheslines, clothes trees, goods and technologies that have a purpose that is the same as a clothesline or clothes tree, may be installed anywhere on the Condominium Plan. For clarity, the foregoing does not prohibit the use of a portable clothes drying rack or similar device by a Unit Occupant on a balcony or patio within the common elements of this Condominium Plan that is designated for the exclusive use of occupants of the Unit Occupant's Unit, provided such device is not permanently affixed or left in place continuously. Such clothes drying devices must be kept within the Unit when not in use.
9. No Telecommunication Device shall be erected, fixed, rest by its own weight or otherwise, hang or otherwise be located so as to be visible anywhere on the Condominium Plan or any building or structure thereon or present or visible from any abutting street or any other Unit or common elements, except such as are designed, installed and located in accordance with criteria established by the Board. Any consent granted in relation to a Telecommunication Device shall not constitute permission for any other or further such item.

ARTICLE V: MAINTENANCE AND REPAIRS

Units, Generally

1. Each Unit Owner must maintain and repair such Unit Owner's Unit, and any and all improvements to such Unit.

2. Any work within a Unit that requires a building permit may not be performed without the approval of the Municipality and prior written consent of the Board which consent may be arbitrarily withheld.
3. If the Corporation carries out any repair to more than one Unit due to failure by the Unity Owners of such Units to carry out such Unit Owners' repair obligations within a reasonable time after damage occurs, the Corporation shall have absolute discretion to apportion the cost of such repair amongst the Units in question as it deems reasonable, which apportioned cost shall be added the each Unit's contribution to the common expenses in accordance with the Act.
4. If a construction lien is registered against one or more Units as a result of maintenance or repair of one or more Units, the Unit Owner(s) having contracted for the subject work shall immediately remove the lien, failing which the Condominium may, at its option, obtain a discharge of the lien by:
 - a. paying the amount claimed under the lien into court;
 - b. posting a bond; or
 - c. any other method available to it;

If the Unit Owner does not pay the cost of maintaining the temperature in the Unit to fifteen (15) degrees Celsius and the Corporation does have to expend money to do so, then, the monies expended by the Corporation shall be deemed to be a common expense and an item of repair for which the Unit Owner is solely responsible. Such persons as are designated by the Board to perform such inspections are permitted entry to any and all Units from time-to-time on twenty four (24) hours prior notice given to any Unit Occupant except in the case of emergency as reasonably determined by the Board, in which case immediate entry may be obtained. The cost of all routine periodic inspections shall be paid by the Corporation but any additional inspections that the Board causes to be performed to fulfill any legal obligation, or upon the request of a mortgagee or Unit Owner, or due to any pending or completed transfer of title to the Unit, or to ensure that deficiencies noted in a prior inspection have been remedied, shall be at the cost of the Owner of the Unit.

 - a. all required Unit Systems, Life Safety Warning Devices and Other Devices, are in place, fully powered (as applicable), in compliance with, and in good operating condition and in such locations as required by applicable governmental legislation, regulations and building or other codes and by the Board and the Corporation's and Unit Occupants' insurers;

Subject to the further and other provisions of this Declaration, the Corporation shall maintain and repair all of the common elements of this Condominium Plan, including (without limiting the generality of the foregoing) maintaining lawns and garden areas (including, without limitation, cutting grass and watering lawns, the frequency and manner of which shall be determined by the Board in its sole discretion from time to time) in accordance with the property standards established by the Municipality and such additional standards as may be established by the Corporation from time to time.

ARTICLE VI: UTILITIES**Metering**

1. It is intended that gas, electricity, water and/or every other utility supplied to a Unit shall be separately metered for such Unit, such that the costs thereof are to be paid by the Owner of the Unit to which the same are supplied and do not form part of the common expenses or budget of the Corporation.
2. All costs associated with utility services supplied to the common elements, if any, shall be common expenses.
3. If at any time any utility service supplied to the Units is "bulk metered" by the Utility Service Provider supplying the same, the cost thereof shall be included in the common expenses for the Corporation, unless and until the Utility Service Providers shall install individual meters and charge for the supply thereof in accordance with the measurements on such meters, whereupon paragraph 1 of this Article shall apply in respect of the payment for usage of such utility supply. Additionally, the Declarant or the Corporation may elect to have installed, and to measure the usage of any bulk metered utility supplied to the Units by, private flow meters (or such other devices as permit recording of such supply to individual Units). If this is done and the same are installed and operating, the following provisions which shall apply and be in force and effect from the time that such private flow meters or other similar devices are installed and operating:
 - a. Each Unit Owner is responsible to pay the cost of the utility supplied to such Owner's Unit as determined by the Board, which determination shall be based on the amount of such utility supplied by reference to the said meter or other similar device for such Unit. For the purposes of collecting such payments, the Board may in its sole discretion acting reasonably estimate an amount to be paid each month by the Owner(s) of each Unit and shall then make an annual or other periodic adjustment (the actual timing thereof to be determined by the Board in its sole discretion) in accordance with the actual charges by the supplier of such utility and the amount of such utility supplied to each Unit as determined by the Board's reading of the said meters or other similar devices.
 - b. The monies to be paid for such utility pursuant hereto shall not be considered a budget item for the determination of the common expenses of the Corporation and no credit for any payment made by an Owner in accordance with these provisions shall be applied against such Owner's obligation to pay common expenses. However, any monies owing for such usage metered by private meters or other similar devices shall be a debt owed to the Corporation by the Owner(s) of the Unit in respect of which such usage is measured and shall be collectible as if the same were common expenses in arrears and for such purposes only shall be considered common expenses and therefore the subject matter of a lien pursuant to the Act if not paid upon request by the Board. Interest will accrue on arrears of monies owing for such utility service usage at the same rate as interest accrues on arrears of common expense payments.

Payment by Corporation

4. Although the Corporation shall not be obligated to pay any part of an Owner's arrears or other payments required from the Owner by a Utility Service Provider in connection with any utility service, the Corporation may in its sole discretion elect to do so. In the event the Corporation does pay any part of an Owner's arrears or other payments required from the Owner by the Utility Service Provider in connection with a utility service, such amount as well as any other costs, expenses or charges that arise on account of any act or omission of or by a Unit Occupant with respect to the supply of any utility service to the Unit in which such Unit Occupant resides, shall be the responsibility of the Owner who owns the Unit in question to repay to the Corporation and shall constitute common expenses of such Unit which are to be paid as and when required by the Board and may be the subject of a lien pursuant to the Act if not paid as and when required by the Board.

 - a. a certified pedigree issued by the Canadian Kennel Club that positively identifies the dog

in question by tattoo or microchip and confirms that such dog does not have any of such prohibited breeds in its pedigree; or

- b. a completely unqualified written certificate to the Corporation that states therein the Corporation is entitled to rely on same from a veterinarian that certifies there is no doubt of any nature or kind that:
 - i. the dog examined by the veterinarian is the dog that has been designated by the Board as being a member of a prohibited breed or a cross breed whose lineage includes a prohibited breed;
 - ii. and that such dog is not a member of a prohibited breed or a cross-breed whose lineage includes a prohibited breed.

No other evidence shall be considered by the Board to support any such permitted challenge. Such evidence shall not be relevant to a demand for removal from the Condominium Plan of a dog that the Board has determined to be aggressive or threatening or to be acting aggressively or in any sort of a threatening manner and the Board shall not be required to otherwise explain or justify its decision to order such removal.

6. Pets must be accompanied by a Unit Occupant and kept on a leash held by a person and under reasonable control when not present in such pet's owner's Unit so as to not be a nuisance or cause irritation to other Unit Owners and/or Occupants.

The Board has the right to collect the costs of actual clean-up of any defecation left anywhere within this Condominium Plan from the Unit Owner of the Unit in which such pet resides or visits in the event that the person accompanying the pet fails to immediately clean up the soiled area, with such costs being deemed to be a common expense and an item of repair for which the Unit Owner is solely responsible.
8. It is the responsibility of the Unit Owner to ensure that no pet being kept within such Owner's Unit causes any disturbance or nuisance including, without limitation, excessive noise or offensive odour.

Order for Removal

9. No pet is permitted to be kept anywhere on the Condominium Plan that is:
 - a. Not permitted pursuant to the provisions of this Declaration;

The Board can require any such pet to be removed from the Condominium Plan. The pet in question must be removed from the Condominium Plan within fourteen (14) days from the date such order is delivered to a Unit Occupant of the Unit in which such pet resides or visits, subject to the discretion of the Board to demand a shorter time period for removal where the pet in question is considered dangerous or its presence gives rise to a risk of property damage or personal injury to any person.

Medically Necessary Exceptions

10. Any restrictions, rules or prohibitions with respect to pets are subject to one or more exceptions which can be made for medical reasons in the discretion of the Board reasonably exercised, upon receipt of adequate documentation including without limiting the generality of the foregoing, evidencing:

In addition, while one or more exceptions may be made as aforesaid, any such animal must be kept under reasonable control and not cause any undue disturbance or annoyance to any other Unit Occupant.
 12. The Board has the discretion but not the obligation to permit other pets that might otherwise be prohibited, if the need for such other pet is established by sufficient documentary medical evidence of one or more licensed physicians in the province of Ontario.

 - b. was not caused by the Corporation or any director, officer, agent or employee thereof; and

3. With respect to any obligation of a Unit Owner to reimburse or pay the Corporation on account of damage to any Unit or the Common Elements, whether set out herein or the By-laws of the Corporation or in or pursuant to the Act, in the event such Owner has any right to be indemnified by another Unit Occupant or any other person, this shall be between the Owner and such other Unit Occupant or other person and shall not involve the Corporation or affect the Owner's said obligation to reimburse or pay the Corporation.

Non-Compliance and Enforcement

4. Each Unit Owner shall also indemnify the Corporation for all of its legal costs and disbursements (including legal fees on a solicitor and client basis) incurred:
 - a. in effecting compliance by the Unit Owner or any Unit Occupant of the Unit Owner's Unit with the provisions of:

 - a. if a settlement agreement pertaining to such proceedings (hereinafter, a "settlement agreement") requires that all or part of the costs of such proceedings or any other amounts are the responsibility of the Unit Owner to pay to any party other than the Corporation, such amounts may be paid by the Corporation on behalf of the Owner in the absolute discretion of the Board; and
 - b. any amounts payable by the Owner to the Corporation pursuant to a settlement agreement, as above defined, as well as any amounts paid by the Corporation in accordance with the preceding clause, shall be added to the common expenses payable for the Owner's Unit. NB: Reference should be made to the provisions of the Declaration itself, in order to determine the maintenance and repair responsibilities for any Unit, and whether specific physical components (such as wires, pipes, cables, conduits, equipment, fixtures, structural components and/or any other appurtenances) are included or excluded from the Unit, regardless of whether same are located within or beyond the boundaries established for such Unit.

Schedule D

**PROPORTIONS OF COMMON INTERESTS
AND CONTRIBUTIONS TO COMMON EXPENSES**

The numbers set out in this schedule could change prior to registration of this Declaration. In addition, this draft schedule shows the proposed proportions once the entire project is completed. The figures applicable for the initial registration and at the time of phase registrations will likely differ from these. It is intended that the Units will contribute to the common expenses and possess shares of the common interests in equal proportions. As units are added to the development in future phases, some rounding may be done to ensure the total of each column is equal to 100%, such that proportionate shares may not be identical although for practical purposes the intention is that they should be substantially equal or different by only a minimal amount.

Schedule E**COMMON EXPENSES**

“Common Expenses” means the expenses related to the performance of the objects and duties of the Corporation and includes all expenses specified as Common Expenses in the Act or in the Declaration of which this is schedule forms a part, including (without limiting the generality of the foregoing):

1. Anything that is determined by By-law to be a Common Expense.
2. Interest on Common Expense arrears calculated monthly from the date the Common Expenses were due at two percent above the commercial rate of interest per annum established and reported by any one of the five (5) largest chartered Canadian banks chosen by the Board in its absolute discretion from time-to-time as a reference rate of interest for the determination of interest rates that such chosen bank charges to customers of varying degrees of credit worthiness in Canada for Canadian dollar loans made by it in Canada as of the date that the Common Expenses in question were due. Such interest shall be deemed to be part of the Common Expenses that are in arrears. Any lien that arises because of the failure of a Unit owner to pay Common Expenses when due shall also include such interest. Such lien is not released until such interest is paid. If this rate of interest is not capable of being determined for any reason or is no longer in existence, the Corporation shall have the right to establish a rate of interest in lieu thereof by By-law. In such event all references to a rate of interest in the foregoing shall mean the rate of interest established by By-law.
3. A surcharge imposed by the Board, in its sole and absolute discretion, on the Owner(s) of any Unit, if any Unit Occupant(s) of such Unit is determined, by the Board in its sole discretion, to be using an excessive amount of any Corporation provided service, facility or utility (meaning any service, facility or utility paid for by the Corporation), which the Board is hereby empowered to impose. The amount of such surcharge shall be an amount that the Board of Directors in its absolute discretion determines represents the value or cost of the excess use by the Unit Occupant(s) of the Unit in question of any Corporation provided service, facility or utility and shall be considered Common Expenses owing by the said Unit Owner(s) which are due upon written demand for payment being made by the Board.
